The Hotline 1998

Polarized James E. Campbell 2018-03-27 Many continue to believe that the United States is a nation of political moderates. In fact, it is a nation divided. It has been so for some time and has grown more so. This book provides a

new and historically grounded perspective on the polarization of America, systematically documenting how and why it happened. *Polarized* presents commonsense benchmarks to measure polarization, draws data from a wide range of historical sources, and carefully assesses the quality of the evidence. Through an innovative and insightful use of circumstantial evidence, it provides a much-needed reality check to claims about polarization. This rigorous yet engaging and accessible book examines how polarization displaced pluralism and how this affected American democracy and civil society. *Polarized* challenges the widely held belief that polarization is the product of party and media elites, revealing instead how the American public in the 1960s set in motion the increase of polarization. American politics became highly polarized from the bottom up, not the top down, and this began much earlier than often thought. The Democrats and the Republicans are now ideologically distant from each other and about equally distant from the political center. *Polarized* also explains why the parties are polarized at all, despite their battle for the decisive median voter. No subject is more central to understanding American politics than political polarization, and no other book offers a more in-depth and comprehensive analysis of the subject than this one.

Fight Sports and American Masculinity Christopher David Thrasher 2015-06-18 Throughout America's past, some men have feared the descent of their gender into effeminacy, and turned their eyes to the ring in hopes of salvation. This work explains how the dominant fight sports in the United States have changed over time in response to broad shifts in American culture and ideals of manhood, and presents a narrative of American history as seen from the bars, gyms, stadiums and living rooms of the heartland. Ordinary Americans were the agents who supported and participated in fight sports and determined its vision of masculinity. This work counters the economic determinism prevalent in studies of American fight sports, which overemphasize profit as the driving force in the popularization of these sports. The author also disputes previous scholarship's domestic focus, with an appreciation of how American fight sports are connected to the rest of the world.

The Life and Death of Latisha King Gayle Salamon 2018-03-20 What can the killing of a transgender teen teach us about the violence of misreading gender identity as sexual identity? *The Life and Death of Latisha King* examines a single incident, the shooting of 15-year-old Latisha King by 14-year-old Brandon McInerney in their junior high school classroom in Oxnard, California in 2008. The press coverage of the shooting, as well as the criminal trial that followed, referred to Latisha, assigned male at birth, as Larry. Unpacking the consequences of representing the victim as Larry, a gay boy, instead of Latisha, a trans girl, Gayle Salamon draws on the resources of feminist phenomenology to analyze what happened in the school and at the trial that followed. In building on the phenomenological concepts of anonymity and compartment, Salamon considers how gender functions in the social world and the dangers of being denied anonymity as both a particularizing and dehumanizing act. Salamon offers close readings of the court transcript and the bodily gestures of the participants in the courtroom to illuminate the ways gender and race were both evoked in and expunged from the narrative of the killing. Across court

documents and media coverage, Salamon sheds light on the relation between the speakable and unspeakable in the workings of the transphobic imaginary. Interdisciplinary in both scope and method, the book considers the violences visited upon gender-nonconforming bodies that are surveilled and othered, and the contemporary resonances of the Latisha King killing.

Shirley Booth David C. Tucker 2015-03-26 An Oscar-winning Best Actress for her tour-de-force role in *Come Back, Little Sheba*, Shirley Booth would ultimately win every major acting award that could be bestowed on an actress. Awarded three Tony Awards, two Emmys, and a Golden Globe, Booth was described by the judges at the Cannes Film Festival as "The World's Best Actress." Yet today fans know her best as the warm-hearted, busybody maid of television's Hazel. This, the first biography of the beloved star, provides complete coverage of a career that encompassed theater, film, radio, and television, and co-stars such as Humphrey Bogart and Katharine Hepburn. It begins with Shirley's childhood in Brooklyn, and her rebellious decision to become an actress against the wishes of her strict father. Included is complete coverage of her tumultuous marriage to radio comedian Ed Gardner (of "Duffy's Tavern" fame), and a second, happier union that ended abruptly with her husband's death of a heart attack. Readers of this exhaustively researched biography will come to know a versatile and gifted star whose career spanned almost 60 years. Appendices provide extensive details of her Broadway, film, radio and television (episode-by-episode) credits.

Chase's Calendar of Events 2017 Editors of Chase's 2016-09-23 Find out what's going on any day of the year, anywhere across the globe! The Oxford Companion to the American Musical Thomas S. Hischak 2008-06-02 From the silver screen to the Great White Way, small community theatres to television sets, the musical has long held a special place in America's heart and history. Now, in *The Oxford Companion to the American Musical*, readers who flocked to the movies to see *An American in Paris* or *Chicago*, lined up for tickets to *West Side Story* or *Rent*, or crowded around their TVs to watch *Cinderella* or *High School Musical* can finally turn to a single book for details about them all. For the first time, this popular subject has an engaging and authoritative book as thrilling as the performances themselves. With more than two thousand entries, this illustrated guide offers a wealth of information on musicals, performers, composers, lyricists, producers, choreographers, and much more. Biographical entries range from early stars Fred Astaire, Bing Crosby, Mary Martin, and Mae West to contemporary show-stoppers Nathan Lane, Savion Glover, and Kristin Chenoweth, while composers Irving Berlin, George Gershwin, Richard Rodgers, and Andrew Lloyd Webber all have articles, and the choreography of Bob Fosse, Tommy Tune, and Debbie Allen receives due examination. The plays and films covered range from modern hits like *Mamma Mia!* and *Moulin Rouge!* to timeless classics such as *Yankee Doodle Dandy* and *Show Boat*. Also, numerous musicals written specifically for television appear throughout, and many entries follow a work-Babes in Toyland for example-as it moves across genres, from stage, to film, to television. The Companion also includes cross references, a comprehensive listing of

recommended recordings and further reading, a useful chronology of all the musicals described in the book, plus a complete index of Tony Award and Academy Award winners. Whether you are curious about *Singin' in the Rain* or *Spamalot*, or simply adore *The Wizard of Oz* or *Grease*, this well-researched and entertaining resource is the first place to turn for reliable information on virtually every aspect of the American musical.

Dangerous Hoops D. Larry Crumbley 2011-08-15 Part crime novel, part textbook, *Dangerous Hoops* combines the principles of marketing and forensic accounting into a lively narrative to educate and entertain. Set in the world of professional sports, *Dangerous Hoops* introduces FBI agent Bill Douglass as he pursues a deadly extortionist in order to save lives -- and spare the NBA from a public relations nightmare. The adventurous storyline -- complete with demands for cash and diamonds, poisoned collectors' cards, and botched drop-offs -- also explores aspects of business and marketing with examples from the world of pro basketball. Both innovative and educational, *Dangerous Hoops* provides real instruction in a novel form and serves as a refreshing text for business majors and MBA students.

The Afterthought Jerry Kruz 2014-10-07 *The Afterthought* brings back into focus the psychedelic sixties in all of their purple-haze glory, as seen through the eyes of legendary west coast music promoter and entrepreneur Jerry Kruz. Using the historical posters as a timeline, Kruz's recollections are a celebration of the resiliency of Woodstock-era arts and culture and foundational musical acts like the Grateful Dead, Janis Joplin, Steve Miller, The Collectors (Chilliwack), Tom Northcott Trio, Country Joe & the Fish and many more. Complete with selected discographies and band biographies for many of the musical acts included in the book, *The Afterthought* is illustrated throughout with selections from the folk-inspired and psychedelia-fuelled artwork of legendary artists Bob Masse and Frank Lewis.

Prayer Warriors Stuart Howell Miller 1999 When Stuart Miller came out to his family in 1992, he knew their reaction would be extreme. His father, a born-again Christian, unleashed a swift and terrifying brigade of 'prayer warriors', who bombarded Miller with wave after wave of hateful letters and phone calls. A frightening picture of the tactics used by the extreme religious right, Miller's story also provides an inspiring message of hope and triumph.

Campaign Reform Larry M. Bartels 2010-08-04 What is wrong with American political campaigns? How could the campaign process be improved? This volume brings the expertise of leading political scientists to the public debate about campaign reform. These scholars probe the reality behind the conventional wisdom that nasty, vacuous campaigns dominated by big money and cynical media coverage are perverting our political process and alienating our citizenry. Some of their conclusions will be startling to campaigners and critics alike. For example, "attack" advertisements prove to be no more effective than self-promotional advertisements, but are more substantive. Indeed, candidates in their advertisements and speeches focus more on policy and less on strategy and process than any major news outlet, including the *New York Times*. The volume suggests that, as a result, prospective voters in 1996 knew more about the candidates' issue positions than in any presidential election in decades, yet turnout and public faith in the electoral process continued to decline. For aspiring reformers, Bartels and his colleagues provide a bracing reality check. For students and scholars of electoral politics, political communication, and voting behavior, they provide an authoritative summary and interpretation of what we know about the nature and impact of political campaigns. The insights and evidence contained in this volume should be of interest to anyone concerned about the present state and future prospects of American electoral process. Larry M. Bartels is Professor of Politics and Public Affairs and Stuart Professor of Communications and Public Affairs in the Woodrow Wilson School, Princeton University. Lynn Vavreck is Assistant Professor of Government, Dartmouth College. Other contributors are Bruce Buchanan, Tami Buhr, Ann Crigler, John G. Geer, Kathleen Hall Jamieson, Marion Just, Daron R. Shaw, and John Zaller.

Big Bad Love Larry Brown 1990-09-30 A collection of ten powerful short stories about men and the obsessions that rule them, such as sex, alcohol, fear, and ambition

True Compass Edward M. Kennedy 2009-12-25 In this landmark autobiography, five years in the making, Senator Edward M. Kennedy tells his extraordinary personal story--of his legendary family, politics, and fifty years at the center of national events. TRUE COMPASS The youngest of nine children born to Joseph P. Kennedy and Rose Fitzgerald Kennedy, he came of age among siblings from whom much was expected. As a young man, he played a key role in the presidential campaign of his brother John F. Kennedy, recounted here in loving detail. In 1962 he was elected to the U.S. Senate, where he began a fascinating political education and became a legislator. In this historic memoir, Ted Kennedy takes us inside his family, re-creating life with his parents and brothers and explaining their profound impact on him. For the first time, he describes his heartbreak and years of struggle in the wake of their deaths. Through it all, he describes his work in the Senate on the major issues of our time--civil rights, Vietnam, Watergate, the quest for peace in Northern Ireland--and the cause of his life: improved health care for all Americans, a fight influenced by his own experiences in hospitals. His life has been marked by tragedy and perseverance, a love of family, and an abiding faith. There have been controversies, too, and Kennedy addresses them with unprecedented candor. At midlife, embattled and uncertain if he would ever fall in love again, he met the woman who changed his life, Victoria Reggie Kennedy. Facing a tough reelection campaign against an aggressive challenger named Mitt Romney, Kennedy found a new voice and began one of the great third acts in American politics, sponsoring major legislation, standing up for liberal principles, and making the pivotal endorsement of Barack Obama for president. Hundreds of books have been written about the Kennedys. TRUE COMPASS will endure as the definitive account from a member of America's most heralded family, an inspiring legacy to readers and to history, and a deeply moving story of a life like no other.

Sharing Responsibility Larry May 1992 Are individuals responsible for the consequences of actions taken by their community? What about their community's inaction or its attitudes? In this innovative book, Larry May departs from the traditional Western view that moral responsibility is limited to the consequences of overt individual action. Drawing on the insights of Arendt, Jaspers, and Sartre, he argues that even when individuals are not direct participants, they share responsibility for various harms perpetrated by their communities.

The Long Reach of the Sixties Laura Kalman 2017-04-05 The Warren Court of the 1950s and 1960s was the most liberal in American history. Yet within a few short years, new appointments redirected the Court in a more conservative direction, a trend that continued for decades. However, even after Warren retired and the makeup of the court changed, his Court cast a shadow that extends to our own era. In *The Long Reach of the Sixties*, Laura Kalman focuses on the late 1960s and early 1970s, when Presidents Johnson and Nixon attempted to dominate the Court and alter its course. Using newly released--and consistently entertaining--recordings of Lyndon Johnson's and Richard Nixon's telephone conversations, she roots their efforts to mold the Court in their desire to protect their Presidencies. The fierce ideological battles--between the executive, legislative, and judicial branches--that ensued transformed the meaning of the Warren Court in American memory. Despite the fact that the Court's decisions generally reflected public opinion, the surrounding debate calcified the image of the Warren Court as activist and liberal. Abe Fortas's embarrassing fall and Nixon's campaign against liberal justices helped make the term "activist Warren Court" totemic for liberals and conservatives alike. The fear of a liberal court has changed the appointment process forever, Kalman argues. Drawing from sources in the Ford, Reagan, Bush I, and Clinton presidential libraries, as well as the justices' papers, she shows how the desire to avoid another Warren Court has

politicized appointments by an order of magnitude. Among other things, presidents now almost never nominate politicians as Supreme Court justices (another response to Warren, who had been the governor of California). Sophisticated, lively, and attuned to the ironies of history, *The Long Reach of the Sixties* is essential reading for all students of the modern Court and U.S. political history.

Programming Reality Zoë Druick 2008-08 "Programming Reality is a collection of original essays that explore the television programs that have thrived in the Canadian regulatory and cultural context - the programs that straddle, and even blur, the border between reality and fiction. The interdisciplinary articles in *Programming Reality: Perspectives on English-Canadian Television* - the first anthology dedicated exclusively to the analysis of Canadian television content - combine textual analysis with that of the political economy of media communications."--BOOK JACKET.

The Vanishing Track Stephen Legault 2012 While trying to help those evicted from the Lucky Strike, a low-rent hotel in Vancouver's Downtown Eastside, Cole Blackwater and his best friend Denman Scott discover that homeless people in the area are disappearing without a trace. Working with news reporter Nancy Webber and street nurse Juliet Rose to solve the missing persons case, Cole and Denman venture into the dark corners of the city's underworld. Soon they find themselves in the midst of a dangerous cabal of city officials, high-ranking cops, condo developers, and crime bosses. Tackling the real big-city issues of housing shortages, political corruption, and murder, *The Vanishing Track* is the third Cole Blackwater Mystery and the most compelling yet. "The best in the Cole Blackwater series." —The Globe and Mail "A brutally honest look at life on Vancouver's Downtown Eastside. A really great read." —Senator Larry Campbell, co-author of *A Thousand Dreams*

Editor & Publisher 1919 The fourth estate.

American Literature on Stage and Screen Thomas S. Hischak 2014-01-10 The 525 notable works of 19th and 20th century American fiction in this reference book have many stage, movie, television, and video adaptations. Each literary work is described and then every adaptation is examined with a discussion of how accurate the version is and how well it succeeds in conveying the spirit of the original in a different medium. In addition to famous novels and short stories by authors such as Nathaniel Hawthorne, F. Scott Fitzgerald, and Willa Cather, many bestsellers, mysteries, children's books, young adult books, horror novels, science fiction, detective stories, and sensational potboilers from the past two centuries are examined.

Pre-Incident Indicators of Terrorist Incidents Brent L. Smith 2011-01 This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

The War on Drugs Paula Mallea 2014-06-28 Explores the spectacular failure of the war on drugs to weaken drug cartels and the illegal drug supply, as well as the modern history of drug use and abuse, the pharmacology of illegal drugs, and the economy of the illegal drug trade.

Agents of Darkness Campbell Armstrong 2015-04-21 In international bestselling author Campbell Armstrong's thrilling, sophisticated tale of espionage, an assassin's vengeance triggers the exposure of a lethal conspiracy at the heart of the US government. The director of the CIA lies unconscious and close to death in a private clinic, and his likely successor waits on his Pennsylvania estate while the power brokers in Washington, DC, do their deals. In the meantime, a man in Dallas is murdered. And on the other side of the globe, in Manila, a nondescript American is killed in his lover's back-alley apartment. Hard-drinking Scotsman Charlie Galloway, who has been suspended from his job in the LAPD, unofficially looks into the murder of a Filipino woman. Step by step, his investigation

leads him to the nation's capital, where a shocking conspiracy reaches deep into the heart of government.
